# alico

	Abrasive paper - type 377
Abrasive grain	Fused corundum
Bonding	Resin
Backing	Paper F
Coating	Semi-open
Range of grits	P 40,60 - 150
Max. width of roll	1450 mm
Application	Endless belts, rolls, discs
Colour	Maroon

### type 377

### GLOBUS ABRASIVES

The high-quality abrasive paper for machine grinding of wood.

The backing material is fixed F paper.

The quality fused corundum is electrostatically coated into the resin.

The semi-opened coating ensures the high resistance to clogging of abrasive coat.

The new technology considerably increases grinding efficiency and extends the life of abrasives.

It is suitable for the production of wide and narrow endless abrasive belts, rolls and discs.
