alico

i	Abrasive cloth - type 777
Abrasive grain	Special fused corundum
Bonding	Resin
Backing	Cloth X
Coating	Closed
Range of grits	P 24, 36, 40, 60 - 220
Max. width of roll	960 / 1460 mm
Application	Endless belts, rolls, discs
Colour	Blue

type 777

GLOBUS ABRASIVES

The high-quality abrasive cloth for machine grinding of metals and wood.

The backing material is fixed X cloth.

The quality fused corundum is electrostatically coated into the modified resin.

The closed coating ensures the high grinding efficiency.

This product has very good application by grinding of floors.

The new technology considerably increases the grinding efficiency and extends the life of abrasives.

It is suitable for the production of endless abrasive belts, rolls and discs.
